ACKNOWLEDGEMENT

The success of any project depends largely on the encouragement and guidelines of many others. I would like to take this opportunity to express my gratitude to those people who have been instrumental in the successful completion of this project.

First and foremost, I give all glory, honor and praise to **God Almighty** who gave me wisdom and enabled me to complete the project successfully.

I also express sincere thanks, from the bottom of my heart, to my parents for their encouragement and support in all my endeavors and especially in this project.

Words are inadequate to express my deep sense of gratitude to **Dr. J. David, Principal, SJCET, Palai** for allowing me to utilize all the facilities of our college and also for his encouragement.

I extend my sincere gratitude to **Mr. Anish Augustine, HOD Incharge, Department of MCA, SJCET, Palai** who has been a constant source of inspiration and without his tremendous help and support this project would not have been materialized.

I owe a particular debt of gratitude to my internal project guide, **Mr. Anish Augustine, Asst. Professor, Department of Computer Science and Applications, SJCET, Palai** for all the necessary help and support that he has extended to me. His valuable suggestions, corrections and the sincere efforts to accomplish my project even under a tight time schedule were crucial in the successful completion of this project.

I extend my sincere thanks to all of our teachers and non-teaching staff of SJCET, Palai for the knowledge they have imparted to me over the last three years.

I would also like to express my appreciation to all my friends for their comments, help and support.

SYNOPSIS

The venue booking system helps streamlining of reservation and usage of common and individual facilities by college within a facility or a building complex. The facility booking, approval and view across college enhances operational efficiency. Meeting rooms, conference halls, seminar hall, college space auditoriums, training facilities etc. can be booked through the system. The objective of this system, the user can search the facilities and can book from anywhere. As we know there are many facilities available in the field of college. This includes facilities like conference halls, seminar hall, college space auditoriums etc. In early stages, staff used to book these facilities manually. This process was time consuming and included lot of paper works. It has been very hard to book these facilities. Now, staff can book these facilities through online platforms. They don't have to go anywhere to avail these facilities. By checking the availability of facility, the staff can book this facility through online. The staff can book these facilities for a short period of time. The facility booking system does not only assist the facilities unit to achieve higher quality but it also helps to simplify the booking process and raise the efficiency in management.
